**Parameters**                                                    Try it out

No parameters

**Request body** required                                    application/json

**Example Value**   Schema

```
{
  "number": 0
}
```

**Responses**

| Code | Description | Links |
|------|-------------|-------|
| 200 | Successful Response | *No links* |
|     | Media type |  |
|     | **application/json** |  |

| Code | Description | Links |
|------|-------------|-------|

Controls `Accept` header.

**Example Value**   Schema

```
"string"
```

422     Validation Error          *No links*

Media type

```
application/json
```

**Example Value**   Schema

```
{
  "detail": [
    {
      "loc": [
        "string",
        0
      ],
      "msg": "string",
      "type": "string"
    }
  ]
}
```

**POST**     `/walker/add_7/{node}`   /add_7/{node}     🔓 ∧

**Parameters**              **Try it out**

| Name | Description |
|------|-------------|
| **node** * required<br>`string`<br>*(path)* | node |

**Request body** required          `application/json`

**Example Value**   Schema

```
{
  "number": 0
}
```

## Responses

| Code | Description | Links |
|------|-------------|-------|
| 200 | **Successful Response** | *No links* |

Media type

> **application/json**

Controls `Accept` header.

**Example Value**   Schema

```
"string"
```

| 422 | **Validation Error** | *No links* |
|-----|----------------------|------------|

Media type

> **application/json**

**Example Value**   Schema

```
{
  "detail": [
    {
      "loc": [
        "string",
        0
      ],
      "msg": "string",
      "type": "string"
    }
  ]
}
```

---

**POST**     **/walker/add_7_with_body**  /add_7_with_body     🔓 ∧

### Parameters

> **Try it out**

No parameters

**Request body** <sup>required</sup>

> **application/json**

**Example Value**   Schema

```
{
  "name": "string",
  "number": 0
}
```

**Responses**

| Code | Description | Links |
|------|-------------|-------|
| 200 | Successful Response | *No links* |

Media type

application/json

Controls `Accept` header.

**Example Value**   Schema

```
"string"
```

| Code | Description | Links |
|------|-------------|-------|
| 422 | Validation Error | *No links* |

Media type

application/json

**Example Value**   Schema

```
{
  "detail": [
    {
      "loc": [
        "string",
        0
      ],
      "msg": "string",
      "type": "string"
    }
  ]
}
```

**POST**   `/walker/add_7_with_body/{node}`   /add_7_with_body/{node}   🔓 ⌃

**Parameters**

**Try it out**

| Name | Description |
|---|---|
| **node** * <span style="color:red">required</span><br>**string**<br>*(path)* | node |

**Request body** <span style="color:red">required</span>                                    **application/json**

**Example Value**    Schema

```
{
  "name": "string",
  "number": 0
}
```
